Oct 05, 2013. It has been some time since the "Iron Man" video game was released and we are excited that "Epic Games" is finally readying the game to run on the Steam Platform. It has taken a lot of hard work and encouragement to get the game here but finally it's official. As of now, the game is "Steam Supported" meaning that it will run on all platforms that run on Steam. We would like to also point out that this game was released as an Xbox Live title back in 2007 so gamers with an Xbox 360 or other Xbox Live enabled system may be a bit confused as to what to expect from the game. The game is in "Open Beta" currently so there will be some bugs that you will experience but all games in the Open Beta phase are like this. Just be patient and you will enjoy a great thrill-a-minute game. Ultimate Alliance 2 - Xbox 360 Trainers (v1.0) We offer the Ultimate Alliance 2 Trainer for the Xbox 360 on this page. The game has recently released a new patch which if you have the game already installed already, you can opt to download the trainer from inside the game using the settings menu. Otherwise the trainer can be downloaded via this link on the right side of this page. These Marvel: Ultimate Alliance 2 cheats will allow you to be able to skip large sections of the game and cut down on some of the load times so that the game runs more smoothly. This is a trainer for Marvel's Ultimate Alliance 2. We've been working on a multi-game trainer for quite a while now. I hope you enjoy the game as much as we do.
