Early Cut-off for NHL Draft Lottery With only 4 minutes left in the 2nd round of the NHL draft lottery, I had to mention the cutoff to enter the lottery was 1:58:00PM ET, and the lottery itself was held from 1-3PM ET. At the time the cutoff was struck, the New Jersey Devils had the 2nd worst record in the league (31 wins, 59 losses, 0 ties) and Minnesota was ranked #2. The Washington Capitals were #3 and the Chicago Blackhawks were #4. The other teams that were in play were Columbus, Phoenix, and Toronto. Minnesota was the only team with a better chance at the #1 overall pick than the New Jersey Devils. The other teams had a miniscule chance at winning, as the lowest chance came from Columbus (1.6%) and Phoenix (2.1%). The next draw was at 1:40PM ET, and the New Jersey Devils were drawn at 1:42PM ET.

Professionalization of residents in laparoscopic surgery. To investigate the role of residency training in the performance of laparoscopic operations, we surveyed the nation's 55 regional training programs regarding their residents' performance in laparoscopic appendectomy (LA), cholecystectomy (CL), and laparoscopic nephrectomy (LN). In all, 461 LA, 79 CL, and 4 LN procedures were performed on 363 residents, who were ranked from first-year residents (R1) to third-year residents (R3). The average score of all residents for all three procedures was 9.1 (range, 7.7-10.2). The average scores for R1-R3 were 7.8, 7.8, and 9.3, respectively, for LA, CL, and LN. For all operations
