solution that helps to write to MS Windows formatted NTFS volumes, out of the box. SeaWorld's 'Drill Bit' Opens Doors to Adventureland

SeaWorld Orlando's newest exhibit, "Drill Bit," opens at the park on Saturday, April 7. This latest installation is for those who want to experience a hands-on experience that allows guests to control the action on a deep sea drill through water. The exhibit is located at Adventureland in SeaWorld Orlando. The exhibit at "Drill Bit" allows guests to be participants in the activity of deep-sea

drilling. Guests control the drilling machine's depth using their fingertips. They feel the intense pressure from deep-sea drilling and also perform the tasks of the ocean's pioneers: moving the huge rock from the "drill head" to the ocean floor. SeaWorld's "Drill Bit" is one of the park's most unique experiences. Guests can choose from several adventure zones that feature different vehicles and a variety of deep-sea drilling tools and equipment. The drilling process allows guests to feel the pressure of the ocean, to see the beautiful and playful sea creatures

that live there and to experience the exhilarating thrills of their first deep-sea drilling experience. “Drill Bit” features two ride vehicles: the “Deep Sea Extraction Drill Head” and the “Special Forces DRILL Team.” These ride vehicles have been created to interact with guests in different ways. The Deep Sea Extraction Drill Head is the first ride vehicle to ever be offered by SeaWorld. Guests enter the vehicle and are then transported to a deep sea drilling location by a submersible. Guests feel the immense pressure as they
