Gun Club VR is a futuristic shooting game where you will explore gun spots and complete many jobs for the sake of your family. Game has the world's most incredible gun in your gun safe. With a high level of detail, tons of weapons, including the future and incredible re-creation of locations, Gun Club VR brings to life the fantasy of your dreams. Fluids and weapons drop by the arm, as you explore the re-creation of real-world in a procedural generation. Gun Club VR also offers First-person Perspective (FPP), in which you've to kill the enemy with the most powerful weapon. In this gun game you'll master a variety of guns such as rifles, shotguns and pistols. Gun Club VR is a synchronous multi-player game and brings magical gameplay to the living room. Gun Club VR is easy to play and controls, and is equipped with the mouse and keyboard. Gun Club VR is a solo game that doesn't require any other person to play, making the game perfect for play at home with all family members or friends. Gun Club VR offers four game modes: Idle, Hunt, Campaign and Duel. First of all let's start with Idle mode where we can enjoy a free time with enemies and the game overworld. There are four game modes to play: Idle, Hunt, Campaign and Duel. The first one (Idle mode) is where you need to survive in this world by hunting enemies, buy weapons, and build houses. The second one (Hunting mode) will be even harder because of the challenges that you will have to beat. The third one (Campaign mode) will bring you to a warzone that you will have to destroy for the sake of your family. The fourth and last one (Duels) is a competitive game that brings you to battle with other players on the same world. There are many weapons in the game to complete your mission. They are usually purchased with credits, which come from hunting, completing missions and bonus levels. Some weapons are also available for in-game credits or by completing missions in the game. Some weapons are available for gold or in-game credits. There are no in-game purchases in Gun Club VR The inclusion of weapons for gold in the game is a way to complete missions that grant d4474df7b8
