The company's goal is to manufacture and distribute a fully assembled, environmentally friendly bicycle that can be used for daily transportation, recreational travel, and competition. The bicycle uses a frame, front and rear hubs, rear wheel, cranks, and pedals from the Taiwanese company AM. The bicycle is made entirely of recyclable materials and has been certified by Green Life and Ecole Nationale des Travaux Publics de la France (ENTP), the French government body which evaluates environmentally friendly projects. It is sold in Chile for approximately \$500.
