

SterJo Chrome Passwords Crack+ Free Download [32/64bit]

Can easily retrieve saved passwords from the Google Chrome browser Finds the location of the passwords set on your computer Reveals all the passwords saved on your computer Can easily export the found passwords Can easily recover lost passwords Helpful SterJo Chrome Passwords by GoFresSterJo Chrome Passwords is a simple to use application, dedicated to finding and retrieving the passwords you saved in the Google Chrome browser. The program works with several Google Chrome editions, but only with the installed versions, it cannot detect passwords saved in the portable browser.Reveal saved passwordsSterJo Chrome Passwords can easily access the path at which Google Chrome stores saved passwords. The program can automatically detect the location where the browser saves the information and does not allow you to manually select it. This is why, it can only work with the installed versions of Google Chrome, not the portable ones as well.The program can reveal login credentials for emails, social networks, forum accounts and many other websites that require registration.It can return the data, along with the afferent username and the website on which they were saved, displaying them in its interface on separate rows. Easily export the passwordsSterJo Chrome Passwords allows you to export the retrieved data only by copying it to the clipboard. The program features separate tools that can help you copy the URL, username, password or the entire set to the clipboard.The table in the program's interface also displays a counter, indicating how many times each login credentials set was used.For security reasons, the program does not allow you to print the results or save them to a local file. It is recommended that you avoid saving the data where other users may find it.Reveal all the passwords saved on your computerSterJo Chrome Passwords can help you recover your own lost passwords, but it also displays keyphrases saved by other users. The program does not feature any function that might prevent the retrieval of other people's passwords. For security reasons, you could recommend to other users who login to their accounts from your computer not to save their data. by GoFresSterJo Chrome Passwords is a simple to use application, dedicated to finding and retrieving the passwords you saved in the Google Chrome browser.
