before making any major changes, including moving its headquarters to Chicago. While the process isn't yet complete, RBL is taking some of the first steps toward becoming the leader in the manufacturing technology market. The company plans to launch a production facility outside of Chicago by the end of the year. The company, based in the Chicago area, also plans to make its headquarters in the same location, according to George Sexton, RBL's president. More than 1,000 consumers in multiple states are invited to share their experiences with energy-saving light bulbs. Respondents will participate in a national study of lighting options for high efficiency lighting needs. Utz Quality Lighting recently became a member of the Cost Management Council (CMC), an international standard-setting organization for the lighting industry, and will be able to submit feedback and comment on proposed standards. 5ec8ef588b
